DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

3. Claims 1-8,15-18 are rejected under 35 U.S.C. 102(a) as being clearly anticipated by Terashima (Fujifilm Research & Development 2001).
4. Applicant cannot rely upon the foreign priority papers to overcome this rejection because a translation of said papers has not been made of record in accordance with 37 CFR 1.55. See MPEP § 201.15.
5. As the examiner pointed out in the previous office action, this reference appears to disclose the invention in its entirety and read on all the claims, but the examiner questioned the applicant as to whether this reference qualified as prior art (i.e. was it published before 3-30-2001). In the event that it was published before 3-30-2001, then the applicant was invited to provide a certified translation of the foreign priority document. Applicant's did not respond to this issue raised in the office action and repeated phone calls to the applicant's representative to help clarify this issue were not returned. Applicant may overcome this rejection by either a)

establishing that Terashima was published after 3-30-2001 and thereby does not qualify as prior art under 35 U.S.C. 102(a), or b) provide a certified translation of the foreign priority document.

Response to Amendment

6. Applicant's amendment has neither addressed the issue of whether Terashima was published after 3-30-2001, nor has the applicant provided a certified translation of the foreign priority document.

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
